The News.

The most important item of news in the dispatches this evening, is the statement that the late rebel Senator Foote, of Mississippi, has been gobbled up by rebel cavalry, while attempting to make his escape with his wife to our lines. The reader will remember that Foote recently declared the rebellion a dead failure, and after bitterly denouncing Jeff. Davis, retired from the Senate in disgust. It will be recollected also that this Foote is the same fellow that once drew a revolver upon Col. Benton, and promised to hang John P. Hale if he ever set a foot in Mississippi, and has ever been known since as "Hangman Foote." He has always been the sworn enemy of Jeff. Davis, and if the latter has nerve enough, for which we hope and pray, he will now hang Mr. Hangman Foote. The threat that the Administration will revenge Foote's death, is all nonsense. Let the rebels hang each other if they will, the more the better, but let not Mr. Lincoln bother himself about the matter.

Rumors of peace still continue. We believe they rest upon a very flimsy foundation.

Gold closed at $2.19.

General Butler Removed.

General Butler has been relieved of his command, and ordered to report at Lowell, Mass., his former place of residence. As there are no rebels at Lowell except the copperheads, it is to be presumed that General Butler's military head is in the basket, at least so far as any active command in the field is concerned. The telegraph says this was done by order of Lieut. General Grant. We do not doubt but that this is the fact. While Butler has no peer as an executive officer, he has uniformly failed to distinguish himself as a military leader. From Big Bethel to Fort Fisher his movements upon the field have been but another name for disaster. He ought to have staid in New Orleans where he was doing admirably, and General Banks ought to have staid in Massachusetts. We trust General Sherman will soon conquer South Carolina and that General Butler may be sent there to teach those chief of rebels decency and obedience, in his own original and peculiar manner.

General Butler has a strong hold upon the affections and admiration of the people, partly because of his decided loyalty and partly because of the intense hatred which the rebels entertained for him. And, knowing this, it must have required some nerve upon the part of General Grant to relieve him of his command, and was only done when he was thoroughly convinced that the good of the service required it. General Butler was the last of our prominent officers who had not received a military education. The experiment of making military leaders out of civilians has signally failed from first to last.

Vote of the Second Congressional District.

General Fairchild, Secretary of State, has had the kindness to send us the official vote of this State at the last election. The vote for Congressmen in this district is as follows:

	Sloan.	Smith.
Home vote	13,233	9,570
Soldier's vote canvassed	1,925	390
" rejected	390	70
Total vote returned	15,538	10,045
Sloan's majority		5,493

Sic transit gloria George B. Smith.

KENTUCKY U. S. SENATOR.—Honorable James Guthrie, Democrat, has been elected to the United States Senate, by the Kentucky Legislature to succeed Powell. The vote was: Guthrie, Dem., 59; Rosseau, Union, 56; Bell, Conservative, 6. Guthrie, though a Democrat, is a great improvement on Powell, who is the worst treason-sympathizer in the present United States Senate.

TENNESSEE.—The State Convention of Tennessee to re-organize the State and resume her relations with the General Government, is now in session at Nashville. Resolutions have been introduced for the abolition of slavery, the amendment of the constitution and the repeal of the act of secession.

GENERAL SHERMAN.—It is proposed by prominent citizens of Ohio to raise a fund of $100,000, in United States securities, and present it as a testimonial to General Sherman. A bill has been presented in Congress for the creation of a second Lieutenant Generalship, for General Sherman.

GEN. THOMAS' NEW CAMPAIGN.—The New York *Times* intimates that General Thomas is about to leave, or has already left, upon an expedition through Alabama and Mississippi, *a la* Sherman, with Mobile as his objective point.

IN reply to a statement made by Jeff. Davis, that out of 11,796 bales of cotton, shipped since last July from rebeldom but 1,272 were lost, the Washington *Republican* shows that 7,834 bales have fallen into the hands of Federal cruisers during the time named.

A REPORT from Grant's army states that Lee appears to be about making a movement the nature or object of which is not indicated.

GENERAL McClellan will leave for Europe during the first week in February. He intends to be absent for two years.

Memorials to Congress were introduced for a naval depot at Milwaukee, and the improvement of the Manitowoc harbor. Senator Clark introduced a bill providing for paying the members of the legislature in coin, which currency he seems to be partial to, as he has endeavored before this to benefit himself and fellow members by similar legislation. The other bills introduced related to amending law exempting certain University lands from taxation, and amending Chapter 10th of the laws of 1863 relating to judgments against persons jointly liable.

In the House a bill was introduced providing for State bounties to volunteers and veterans, and a memorial to Congress on the same subject. Also a bill for the adequate punishment of drafted men deserting from their duty, and bills for the incorporation of Wisconsin soldiers' homes. A memorial of M. J. McRaith, the contestant of Rammiugton's seat was presented and referred to the select committee of which Mr. Cassoday, of your city, is Chairman. When this committee report, a time is expected, as the feeling which such cases usually engender is not wanting in these.

Tolling Wheat.

EDITORS GAZETTE:—I wish through your paper to draw the attention of farmers to a few facts in which they are interested. There are probably about fifty thousand farmers in this State. We procure our flour by taking our wheat to a mill. The average quantity which each one gets ground is about fifty bushels yearly—say two millions five hundred thousand bushels in the State. The miller is entitled to one-eighth of this, which he takes out with his toll-dish; but by means of a screen attached to the smutter, or some other equally effective apparatus, he takes another eighth. Now the legal toll which we pay annually is about 300,000 bushels, worth at present prices, nearly half a million dollars. All right. The millers are entitled to it, and it makes them rich very fast. But when they take an equal amount to which they are not entitled, I protest. We are bearing burdens enough already, without giving to a small and wealthy class half a million dollars annually—more than enough to pay our entire State tax, if I am not mistaken.

Farmers, do you doubt this? Just weigh your grist before you take it to mill, and then weigh what you get, and you will be convinced. I might state numerous facts to prove it, but it would make this communication too long. At some mills, we do not get thirty-four pounds of flour from a bushel of wheat, whereas we are entitled to at least forty; and the bran and shorts are minus in the same ratio. And now for the remedy. *Agitate the matter.* When you go to mill, hunt up the place where the subtraction takes place, and while your grist is passing through the smutter, you will see a steady stream of wheat taken from it. True, the miller may insult you for "pecking around the mill," but you can stand all that. Talk it over with your neighbors, and above all get up a petition to the legislature to abate the nuisance. If we are so stupid as to submit in quiet silence to this continued imposition, we deserve the scorn and contempt, not only of millers, but of all the world.

FROM WASHINGTON.

NEW YORK, January 13.—The *Commercial's* Washington special says the committee on the conduct of the war will at once commence investigating the Fort Fisher affair.

NEW YORK, Jan. 13.—The *Post's* Washington special says the vote on the anti-slavery constitutional amendment will be postponed. If it were taken now it would probably fail to secure the required majority, but the people in all parts of the country are moving in the matter.

NEW YORK, Jan. 14.—The *Tribune's* Washington special gives it as the opinion of an old hand at peace negotiations that a cessation of hostilities preliminary to formal negotiations will take place within ten days. To-morrow the hand of a new peace maker will fall heavily on Jeff. Davis' obstinacy.

It is understood that the President has declared if Senator Foote is harmed by the rebels he will bring five of the most distinguished rebel prisoners in our hands to grief. Our cavalry have been ordered to pursue Foots captors.

The *Tribune* announces the release of its correspondent, Mr. Richardson, who has been held by the rebels over 18 months.

NEW YORK, Jan. 13.—The *Commercial's* special says the Pa. delegation have requested permission from Hon. Thad. Stevens to urge his appointment as Secretary of the Treasury. He declined on account of his age and failing health.

The friends of the constitutional amendment are confident of its passage within a fortnight.

Col. Allen is to send a cargo of provisions by the Daniel Webster to-morrow night for the suffering people of Georgia.

The American Missionary Association sends Rev. W. Mague, of Savannah, to look after the wants of the slaves freed by Sherman's march. He will also examine into the condition of the loyal white people with a view to facilitate measures for their relief if necessary.

Henry S. Foote, formerly United States Senator, whose late bitter denunciations of the Jeff. Davis Government in the rebel Congress, has excited so much attention, is father-in-law to Senator Stewart, just elected to the United States from the new State of Nevada. This fact is supposed to have something to do with an effort made by Mr. Foote to reach Washington, and the particulars of which have just been developed.

The Government received information last evening that in attempting to escape from rebeldom and enter our lines, Senator Foote was arrested at Occoquan, on Occoquan River, about fifteen miles southwest of Alexandria. He was accompanied by his wife. When found he was at the residence of a Mr. Hammell. Mr. Foote was overtaken in his flight by two rebel cavalrymen who obliged Mr. Hammell to harness his horse and wagon and convey the captive as far back as Dumfries towards Richmond.

The military authorities of Alexandria were ordered to send at once to Occoquan for Mrs. Foote, and she was rescued and reached Alexandria this afternoon. Mr. Foote and his wife were detained a day after reaching Occoquan for want of facilities to cross the river. Fears are entertained that Jeff. Davis may deal harshly with Mr. Foote. The Government has taken steps to prevent any injury being done. Should Jeff. Davis be so rash as to take the life of Mr. Foote, it is probable that the act will cost the highest rebel official in our custody his life.

FROM THE SOUTH.

FORTRESS MONROE, January 12.—No late Richmond papers have been received.

The rebels refused to exchange prisoners, owing it is believed to the complaints of our men which they did not relish.

About thirty deserters came in yesterday. They represent that rebel forces have been sent from Richmond to South Carolina to meet Sherman.

NEW YORK, Jan. 14.—Richmond papers continue quarreling over their leaders. They think Jeff Davis' course reprehensible and are making an onslaught on Kirby Smith who is now discovered to possess none of the attributes of a great General.

Hood's failure in Tennessee and Georgia is attributed to the disgust of the people of those states for the Confederacy. None but Lee and Johnston appear to give satisfaction.

NEW YORK, January 14.—The *Herald's* Washington special says Blair has not yet returned from Washington.

General Singleton probably reached Richmond yesterday.

The Wilmington *Journal* explains how the Junior Reserves of North Carolina were captured before Fort Fisher. It appears that a Yankee captain with 5 men met 150 of the reserves under Major Rees and commanded the Major to surrender, telling him there was no use in resisting as he was surrounded. A Lieutenant refused to surrender and walked off with 12 men, but the Major, the victim of a falsehood, as the *Journal* says, surrendered 150 men to six yankees. These men were then marched into our lines carrying their own arms loaded and sapped.

FROM SHERMAN'S COMMAND.

NEW YORK, Jan. 13.—We have the following items of news from Savannah: Gen. Geary had ordered all unemployed negroes to report themselves for the purpose of obtaining wood for the city. Compensation and rations furnished.

The *Republican* says several northern capitalists are in the city to establish the 1st National Bank of Savannah.

Branches of the first class commercial houses in New York, Boston and Philadelphia are to be established as soon as the port is opened.

The prices of productions have been established by the Provost Marshal. Potatoes 9 dollars per bbl. Butter 75 cts. per lb. Apples 12 dollars per bbl.

The *Arago* brought a heavy mail from Savannah.

NEW YORK, January 14.—The *Herald's* Savannah correspondence of the 8th, represents affairs in the city quiet and unchanged, and reiterates the reports of yesterday relative to movements among the citizens of Georgia toward reunion. The correspondent says they need confirmation.

Nearly all the traders of Savannah had taken the oath of allegiance.

Great suffering among the poor still continued, and to a considerable degree among the wealthy.

General Sherman's active army is being re-clothed and equipped.

FROM OHIO.

CINCINNATI, Jan. 14.—The *Commercial's* Nashville dispatch says a convention unanimously passed resolutions declaring slavery forever abolished and prohibited throughout the State, also resolutions prohibiting the legislature from recognizing the right of property in man, and forbidding it from requiring compensation to be made to owners, and abrogating the declaration of State independence. The military law made in 1861 with Confederate States and all laws and ordinances made in pursuance of them, all officers appointed by acting Governor since his accession to office are confirmed. The propositions are to be submitted to people for ratification. February 22d and on March 4th election is to be held for Governor and Legislature, nearly three hundred delegates participated in the final vote, the greatest harmony and good feelings prevailed throughout. Parson Brownlow is unanimous choice of the convention for next Governor.

CLEVELAND, Jan. 14.—Last night the train west on the Toledo road, was thrown into a ditch near Norwalk. Eleven persons were injured, none killed. The accident was caused by a broken rail.

FROM NEW YORK.

NEW YORK, January 13.—The *Commercial* pronounces the reports put forth by the *Herald* as being published by the Savannah *Republican*, a gold operation canard, as the *Republican* of the 9th received by the *Arago*, has no reference to them, and passengers by that steamer say they heard nothing of them.

Gold market is still unsettled. The price opened this morning at $2.22, but at once fell gradually to $2 20½.

NEW YORK, January 13.—Owing to the Indian troubles on the plain, the overland mail has been discontinued. The last mail left here yesterday.

FROM MEXICO.

NEW YORK, Jan. 14.—The *World* has information from Mexico confirming previous reports of success by the republicans over the imperialists in several battles.

There was an uprising of the people and the fresh insurrection was increasing.

It is said that the papal nuncio and archbishop are about to leave the country on account of Maximillian's manifesto concerning church property.

FROM CAIRO AND BELOW.

CAIRO, Jan. 13.—Squads of deserters from Forrest's command are daily coming here and taking the amnesty oath, a party of eight came in to-day. Gen. Thomas and staff were at Paducah a few days since.

FROM THE SOUTH.

WASHINGTON, Jan. 14.—The Richmond *Whig* of the 12th, says the War Department last night was without a single dispatch from any quarter, the telegraph, owing to heavy rains, not working. The James river is considerably over its banks and unless there is a sudden change, a cold freshet may be expected equal to last spring.

FROM MISSOURI.

ST. LOUIS, Jan. 13.—General illumination and other demonstrations will occur to-morrow, (Saturday) evening, in honor of the passage of the Emancipation ordinance. Gen. Dodge has ordered a salute of sixty guns for the same purpose. Gov. Fletcher has received a congratulatory message from nearly every loyal Governor in response to his dispatch, announcing freedom in Missouri.

Consumption,

Are treated by DR. HALE, at the

Wisconsin Throat & Lung Institute,

Myers' Block, Janesville,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the North west, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a speciality in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce a "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the North west that have been cured:

M. Schuyler, proprietor of the Schuyler House; De witt Davis, N. G. Ronalson, D. R. Stout, E. J. Tuttle, Ellis Doty, job printer, J. D. Haynes, W. R. Mann, R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hizer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length, but the above will suffice.

This is one of the oldest, safest and most successful Life Insurance Companies in the United States, and offers advantages not excelled, and in some respects not equalled by any other.

Special care in the selection of its risks, strict economy, and a safe and judicious investment of its funds, emphatically characterize the management of this company.

Dividends of 30 per cent. declared and paid annually to cash paying members, and 25 per cent. to those members paying in part by premium note, and every three years the reversionary interest will be annually divided.

The tables of mortality exhibit great prudence in the selection of lives, ranking with the lowest in the country.

Cautious, conservative and safe, it is yet in the advance in the essentials of a progressive benevolent institution.

Policies issued in all the various forms, of whole life, short term, endowment, annuity, &c.

ENDOWMENT PLAN.

Whereby the advantages of life insurance are combined with those of a saving's bank. By this mode, a policy is made payable to the assured on his attaining a given age, or should he die previous to that age, to the representatives at his death.—Thus making provision for old age, and affording protection to a family in the event of death.—This plan of insurance is becoming deservedly popular, and is rapidly superceding the old system of life payments. It has received the unqualified approval of the best business men in the land, large numbers of whom have taken out policies under it purely as an investment.

Its ten year non-forfeiture policies also demand particular attention.

Ratio of assets to liabilities 170, showing a bona fide security of $170 for every $100 of liabilities.

The Paper Monopoly.

There is a proposition before Congress to remove the duty on imported paper. It is a measure that every man engaged in the printing business—every person who reads a newspaper—every man who wants an advertisement inserted or a handbill printed—every merchant who sells a bundle of goods—every lawyer who writes a brief, and the government itself, is interested in having carried. The paper-maker's monopoly has cost the general government the snug little sum of *one million of dollars* during the last year, which is rather a severe tax for it to pay for the benefit of a few individuals. If this duty were removed, foreign made paper could be furnished in New York at about sixteen cents per pound, which is ten cents less than is now paid for the same kind of an article, and the government, which is an enormous paper consumer, and the people would be vastly benefitted thereby. The present duty amounts to a positive prohibition, affording the government no revenue whatever. Then why not repeal it? Before the war print paper was nine cents per pound, and plenty at that; now it is three times nine. Nobody is fool enough to argue that rags, out of which paper is mainly manufactured, have become so scarce as to warrant such unwarrantable increase in prices. People get ragged now just as rapidly as before the war, and many people much faster. The truth is the eastern paper makers have combined to have every thing their own way and have succeeded admirably thus far. Their greedy monopoly has abolished *fully one-third of the newspapers* in the loyal States, and has added from fifty to one hundred per cent. to the price of every man's newspaper. In a speech upon the tariff once upon a time, Daniel Webster is reported to have said—"let the government take care of the rich and the rich will take care of the poor," and the advocates of this false and pernicious theory are now leagued together to make the whole people pay tribute to the paper manufacturers. This is emphatically a tax upon knowledge that is too grievous to be borne any longer by the people. If the duty as it now stands furnished an adequate revenue to the Government, there might be some reason for its continuance, but it does not; it only enables a few individuals to pocket enormous profits at the expense of the great mass of the people. Let it be abolished at once.

Bank Comptroller's Report.

We have before us the annual Report of the Bank Comptroller, for the fiscal year ending September, 30th, 1864. Comptroller Ramsey says that the condition of our banks was never more satisfactory than at present, although there has been a decrease of circulation, to the extent of nearly seventy thousand dollars. This decrease is attributed to the adoption of the State system by several of our State banks, and to the fact that parties who had contemplated organizing under the State laws, have either established National banks or prefer to wait until the new system has been tried.

The Comptroller says that the advantage given to the National banks by the National Banking Law, in exempting them from their due share of taxation, is a source of well grounded complaint from those who are banking under the laws of the State. The act of 1864 provides for assessment and taxation of National bank stock at the places where the banks are located, while the State law requires the taxes on personal property to be imposed at the place where the owner resides Thus between the two the owners of National bank stock enjoy a greater advantage over stockholders in our State banks, which the Comptroller thinks is decidedly unjust.

He urges that the State is under peculiar obligations to our banks. He says:

"Wisconsin is under deep obligations to our bankers for the alacrity with which they, in 1861, advanced money to enable the State to furnish her quota of men armed and equipped for the national defense. If the bonds which they received therefor, had at that time been offered in Wall Street, they could have been negotiated only at a heavy discount. They not only relieved the immediate and pressing wants of the state treasury, but also manifested their confidence in the credit of the State."

"These bonds constitute more than one-half of the stocks now deposited with the bank department as security for outstanding circulation. If, in consequence of unequal taxation, our State system shall be unable to compete with more favored associations' many banks whose patriotism and State pride have induced them to invest in our bonds, will find it impracticable to adopt the national system and will be compelled to abandon their business"

MINNESOTA. U. S. SENATOR.—After protracted ballotings the Union men of the Minnesota Legislature nominated D. S. Norton for United States Senator over M. S. Wilkinson, the present Senator, by a vote of 27 to 21. Mr Norton was subsequently elected Senator for six years by vote of 43 to 12 for Lt. Col. George, Democrat. Mr. Norton was formerly a resident of Ohio, he now lives at Winona He is said to be well fitted for the position to which he has been chosen.

WENDELL PHILLIPS, in his recent speech in Philadelphia, spoke of Edward Everett as one the new converts to the Republican party, adding:

"And when I name Edward Everett, I desire to say that I name the cap-sheaf of American magnanimity for the last three years. I know of few men in any age or language who at near seventy years of age, with such a career behind them, had the loftiness of spirit to stand before twenty millions of their countrymen and say, 'I was mistaken.' Such men are rare in any age, and certainly deserve fair credit for such a confession. They are the new converts."

Remarks of Hon. W. W. Field, of Grant, on taking the Chair as Speaker of the Assembly.

Fellow Members of the Assembly: I sincerely thank you for this testimonial of your esteem and confidence in electing me to this honorable and distinguished position. Having been returned to the Assembly by the same constituency who have sent me here for four years in succession, and having occupied this prominent position at the last session, it is with pleasure and pride that I again return to the duties of the Chair at this time. For this marked expression of your favor, gentleman, I will simply say, that, as your presiding officer, I will endeavor to discharge my duties faithfully, impartially, fearlessly and honestly, to devote my whole time and energy to the duties and obligations which shall devolve upon me, to give a fair and just expression of the Assembly upon all measures which shall come before your consideration; in a word, I will endeavor to preside over your deliberations with fidelity, and with an eye single to the best interests of the State. Gentlemen, great and important trusts have been confided to us. We are representatives of nearly one million of inhabitants, a people representing the industrial, educational, commercial and all other great and leading interests and pursuits of the State. As their representatives it will be our duty to foster those interests—to enact such laws as in our judgment shall be best calculated to develop the best and almost inexhaustible resources of the State—to build up, and encourage institutions of learning, which shall be an ornament to the State, and from which shall flow, in the language of an eminent writer "streams of intellectual life to gladden, instruct, and elevate the human family." It becomes us also, in the discharge of our duty to exercise the most rigid economy. There has perhaps never been a time in the history of this State when money was spent so lavishly as at the present time; private individuals may become extravagant in the management of their private affairs, and they alone be the principal sufferers, but when a State or a Nation pursues this suicidal course, thousands of the industrious and poorer classes are driven to penury, destitution and want.

Let us make liberal provision for the families of those of our countrymen who, since the breaking out of this wicked and infamous rebellion, have sacrificed their lives that the nation might live, and that their children and ours might enjoy the blessings of liberty and of free institutions. The names of those noble sons of Wisconsin are engraven in the hearts of our people. Let not their families be forgotten. Let us make liberal appropriations for charitable and benevolent purposes, and for the advancement and onward progress of those great and leading interests of the State upon which depend the happiness of our people, and the prosperity and wealth of our noble State; but at the same time, let us guard these measures well. Let us throw around them every safeguard which our united wisdom can invent and devise, to the end that the people's money shall not be squandered, but expended with a wise, judicious and economical hand.

Gentlemen, I trust that our deliberations may be harmonious, and that we may have a short, agreeable and profitable session—to us as individuals, to our respective constituents, and to the state at large.

I again thank you for this distinguished compliment which you have conferred upon me; and trust that, with your aid, counsel and advice, I shall be able to discharge the laborious and responsible duties of the position in such a manner as to meet your entire approval.

A Bitter Pill for Jeff. Davis.

From the Richmond Examiner, Dec. 21.

The news from Tennessee is bad—the situation is bad—but it is far from being irremediable. The army in Tennessee has been terribly misused, and it has suffered awful injury; but it is not lost and may be restored to full efficiency by the same hand which redeemed it after Missionary Ridge. But to change the fortunes of the country the Executive power and the Legislature must change their character and abandon the road to ruin, hitherto systematically pursued by both. The opening of this campaign found our two best men in command and in the principle positions. Lee in Virginia and Johnson in Georgia. The military condition of this country was never so prosperous as it was at Midsummer, for these two men had so done their work that it was then morally certain that the last supreme effort of the enemy was going to fail, and had it failed, it is impossible to doubt that this year would have been the last year of the war. The unexpected freak of the Executive in the removal of Johnston, permitted in silence by the country, has produced fruits such as folly and subserviency never produced before. Although great evils might have been and were apprehended at the time, results have so much surpassed expectations, that they assume the appearance of judgments. But let the past go. The best remedy for the past evil is simply to stop the causes which have caused them. Let the Executive power cease to interfere with the armies; send Johnston to the wreck of that army which he surrendered to Hood in such magnificent conduct; give him *carte blanch* to do what he thinks proper for its salvation and for the defense of the country, guarantee that neither his commission nor his plans will be any more meddled with. Give to Beauregard complete discretion of action on the coast. Leave to Lee his whole army, and full powers in Virginia, and prosperity will return, good fortune will again befall the army of the South, and the great danger which now menace the Confederacy will vanish like the clouds of the last rain.

But good sense, moderately and justly used, will never actuate the Executive power while Congress abdicates its functions and public opinion its rights. Nations will suffer just punishment whenever they intrust the power to puny hands, puff up the conceit, and encourage the passion of their rulers by fulsome flattery or silent submission. We have done so. The follies of the Government are manifest to all; but if any one who pays their share of the cost proposes opposition or even remonstrance, the amiable majority cry "Hush! O, hush! hush! We can't get rid of him, and he will do thus and so all the more if he is opposed. Don't say anything; we must have concord, unanimity, and there must be no opposition to the Government." Therefore the only voice which is heard at all, is the voice of flattery—the voice of those who have neither head nor heart, neither knowledge nor principle. Hence the Executive power is encouraged to pursue its fancies, and although every military misfortune of this country is palpably and confessedly due to the personal interference of Mr. Davis, and the Legislature continued at each session to be his subservant tool, and to furnish new incentives to perversity, new means of mischief. Congress and the Southern public must change their attitude, adopt a more distinct and manly tone, deal with their own affairs with more resolution, keep the Executive power in the path of duty, and curb it with peremptory hands when it interferes with things beyond its capacity.

Great adversity has fallen upon us, but the power of the southern States is not broken. Their resources are enormous, and on no side is the breach irreparable. Of all external dangers there is not one that cannot be manfully met. Folly vested with license, and flattery to encourage Folly. No calamity which has happened is in itself ruinous, but that which will ruin us is this; that the Government should go on to do and continue the identical acts which have made the calamity by necessary cause and effect. The more harmony and more concord and more self-abnegation we evince under such circumstances, the more rapid is our progress to destruction. Let us determine that the course of the ship shall be altered. *With that determination will be found means to compel change.*

Address of Lieut. Gov. Spooner.

The following address was delivered by Lieut. Gov. Spooner upon taking the chair as president of the senate:

Gentlemen of the Senate:—A quorum of your body is present, and legally qualified to act, by having taken and subscribed the oath prescribed by the constitution; and it is competent for you to proceed to perfect your organization by the election of a clerk and Sergeant-at-Arms.

It becomes my duty, ex-officio, to preside at your sittings. My experience as a presiding officer of your body, happily quiets much of that anxious self-distrust which I might otherwise justly indulge in the prospect of encountering those difficulties which are supposed ordinarily to cluster around the chair.

Once and again have I been associated with many of those who now fill the seats on the floor of this chamber, in the relative positions which we now occupy; and having witnessed how keenly alive they have ever been to the obligation their position imposes, to preserve the honor of the state, and of their immediate constituents, their own self-respect, and the self-imposed rules, enacted for the government of the deliberations of the senate, feel assured that the maintenance of decorum and a becoming dignity of procedure will require little more of your president than the discharge of nominal duties. And in the assurance that the spirit of the past will be exhibited in the action of your honorable body during the present session, I take the chair, relieved of that apprehension which a consciousness of my inability properly to fill would otherwise occasion, with the only pledge I can give you, that, in so far as I may be called to administer parliamentary law, it will be my effort to give to the law a fair construction and an impartial application.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estoped by the Courts. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. PORTER'S

Photograph Parlors."

This has now become one of the fixed Institutions of Janesville. The unbounded success which has attended these rooms since their opening, has more than met our most sanguine expectations, and a new "bill" seems to be demanded.

Extending thanks to the entire community for

THE LIBERAL PATRONAGE

bestowed upon this institution, and the just appreciation given to our

WORKS OF ART!

we solicit even a larger patronage to enable us by an increase of business to keep the prices of

Pictures Within the Reach of All.

For be it known that, despite that person who thinks pictures are high—pictures, *good* pictures are the cheapest commodity in market.

We shall strive *hard* to please *all*, though we cannot promise always to do it. But we *will* promise always to give you a *good*, *life-like* picture, and do it with the least possible trouble to the sitters.

STEREOSCOPES

and Stereoscopic views of local scenes for sale at these rooms. We are also prepared to take Stereoscopic pictures of single objects or groups,

From Life or Scenes in Nature.

This is the only gallery in town, perhaps, where photographs can be made with Stereoscopic effect.

DOTY'S

CLOTHES-WASHERS

Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY,

And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864 to the admiration of thousands, and were awarded a splendid Diploma: also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the rate of *a fleece in two minutes*, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men,

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville.	**$ 9.50**
Family " "	**10.50**
Hotel " "	**13 50**

The above prices include Faucet. Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we sub oin the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.

JANESVILLE, Nov. 11th, 1861.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine: while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indies; and from all, these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name,) purporting to be superior to Melodeons and School Organs. A new exterior and new name will naturally attract attention; but the public will bear in mind that *all Reed Instruments*, now manufactured in the United States and Canada, are, *as near as they can be made without infringing our patents*, copies of our own.

Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canadas. Address either

GOTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful, without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal, *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail. Address, F. L. Raynor, Office over the Post office, Janesville, Wis. aug18dawly.

Capt. and Pro. Mar. 2d District Wis.

A HARD TOWN.—We are sorry that our prim neighbor is getting to be so hard a town. Can't Janesville send a few missionaries down there to labor with them? The last Beloit *Journal* says:

"We are informed that about 10 o'clock on Sunday evening a dozen or more boys of this city, their ages from twelve to eighteen, carried to the door-step of the American House, two or three of their comrades in a state of beastly intoxication. The whole company were evidently a good deal the worse for what they had been drinking, as all had been spending the evening at the same saloon, but the majority had strength enough left to lug to the above named hotel the two or three who had entirely lost the use of their legs. Some of the boys and those in the worst plight are said to belong to respectable families among us, and their parents would be shocked if they knew the whereabouts and the shameful predicament of their sons on that evening. The liquor that did the mischief, according to the testimony of the bibulous youngsters, was furnished them at a well known and far too much frequented saloon in this city.

What are we coming to? Is there no moral power in the citizens of Beloit to bring about a better state of things? It is bad enough that the husbands and fathers among us should be caught in these traps of Satan, but it is awful that our boys yet in their teens should on a Sabbath evening be thus decoyed and drugged, until, to keep parental cheeks from blushing shame, their companions are obliged to seek for them a lodging place where they may "sleep off" their intoxication, out of the sight and knowledge of the home circle. It becomes you, sir, who have a son, to look out for him. Unless you *certainly know* where he spends his evenings, be admonished by the occurrences of last Sabbath evening. Before you think of it, his unsuspected visits to yonder saloon may be his destruction.

THE INDIAN MASSACRE.—A Washington special says: "Orders have been telegraphed to Denver for the arrest of Col. Chevington for the slaughter of Indians near Fort Lyon. Orders have also been sent to seize all the property taken from the Indians, to gather in the remnant who escaped the slaughter, and have them taken care of at the expense of the government until disposition can be made of them.

GEN. ROBERT ANDERSON states that Col. Julian Allen, the agent for procuring supplies for the poor of Savannah, was the first who sent aid—in the shape of boxes of cigars, and tobacco—to his men in Fort Sumpter in the spring of 1861.

GENERAL THOMAS has been reinforced by a division of 7,000 cavalry and he now has 35,000 mounted troops, besides several thousand from Mississippi, who are cooperating with him.

WEST VIRGINIA.—The Supreme Court of the United States has recognized West Virginia as one of the States of the Union. This settles the question as to the legality of the organization of that State.

THE Legislatures of nearly all the loyal States are now in session. Of the Western States, that of Iowa is the only exception.

ON THE 23th ultimo, General Gordon Granger's force was within twenty-eight miles of Mobile, having been quite successful in his operations thus far.

THE discussion in the House, on the Constitutional Amendment, continues. At least six speeches, already prepared, remain to be delivered.

THERE is a rumor that General Phil, Sheriden is about to be assigned to a new and very important command.

GENERAL JAMES H LANE was reelected to the United States Senate by the Kansas Legislature, yesterday.

BADGER STATE GRAIN DRILL AND BROAD CAST SOWER, COMBINED.—The Badger State Grain Drill has now been made at Janesville for four years. It is now made with all the improvements which years of experience have suggested.

The Badger State for 1865 can be changed into a Broad Cast Sower and Cultivator in thirty minutes time.

It is now so arranged that by raising the teeth, the feed is shut off, and by letting the teeth down, the feed is put on. Again, the Badger State is now and always has been the lightest draft of any drill in the market.

The Badger State is warranted to be as good a drill as any yet made. It is warranted to be as good a broad cast sower as any in market.

The Badger State will plant corn or beans in *hills* or in drills. It will sow grass seed, clover and flax at the same time that it is sowing other grain. It sows grass seed either behind or before the tooth.

The prices for the Badger State for 1865 will be—9 tooth, $85; 10 do., $90; 11 do., 95; 12 do., 100. Five dollars added for Grass Seeder; $2 added for Broad Caster.

Those wishing to buy a Drill or Broad Caster, will please bear in mind that the Badger State is a good Drill, and also a good Broad Caster, in addition to being a good Corn Planter.

The Badger State is the only combined Drill and Broad Caster in the market.

Please call and examine the Drill, and get a Circular. R. J. RICHARDSON,
Manufacturer.

MCSHERRY'S IMPROVED GRAIN DRILL AND SEED SOWER.—This unsurpassed machine for sowing grain and grass seed, has been awarded the first premium at the State Fairs of Indiana, Illinois and Iowa. It possesses merits which cannot fail of commending it to the farming community; being lighter by 100 lbs., than other drills in the market; they never choke up, while for regularity and eveness of sowing, they are unrivalled by any drill now made.

As this machine has never been introduced into this market before, it behooves those who contemplate purchasing, to examine this and procure the best machine.

I have heretofore acted as agent for the sale of the Smith & Barnes Drill, but considering the McSherry machine far superior to any other in the market, have accepted the agency for it. I can furnish them at wholesale or retail, and if any one will call and examine the Drill, they will be convinced of its great superiority over others offered to the public.

Prices and terms can be obtained by applying to me at Janesville, Wis.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None*, we conscientiously affirm.

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without cutting them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which has

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure.*

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *cause of Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR consultations for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

☞Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, but next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines

☞The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Racine, Wisconsin.

☞Any of the above diseases can be treated successfully by the patient describing their case in a letter, when they cannot see us.

The News.

The most important item of news in the dispatches this evening, is the statement that the late rebel Senator Foote, of Mississippi, has been gobbled up by rebel cavalry, while attempting to make his escape with his wife to our lines. The reader will remember that Foote recently declared the rebellion a dead failure, and after bitterly denouncing Jeff. Davis, retired from the Senate in disgust. It will be recollected also that this Foote is the same fellow that once drew a revolver upon Col. Benton, and promised to hang John P. Hale if he ever set a foot in Mississippi, and has ever been known since as "Hangman Foote." He has always been the sworn enemy of Jeff. Davis, and if the latter has nerve enough, for which we hope and pray, he will now hang Mr. Hangman Foote. The threat that the Administration will revenge Foote's death, is all nonsense. Let the rebels hang each other if they will, the more the better, but let not Mr. Lincoln bother himself about the matter.

Rumors of peace still continue. We believe they rest upon a very flimsy foundation.

Gold closed at $2.19.

General Butler Removed.

General Butler has been relieved of his command, and ordered to report at Lowell, Mass., his former place of residence. As there are no rebels at Lowell except the copperheads, it is to be presumed that General Butler's military head is in the basket, at least so far as any active command in the field is concerned. The telegraph says this was done by order of Lieut. General Grant. We do not doubt but that this is the fact. While Butler has no peer as an executive officer, he has uniformly failed to distinguish himself as a military leader. From Big Bethel to Fort Fisher his movements upon the field have been but another name for disaster. He ought to have staid in New Orleans where he was doing admirably, and General Banks ought to have staid in Massachusetts. We trust General Sherman will soon conquer South Carolina and that General Butler may be sent there to teach those chief of rebels decency and obedience, in his own original and peculiar manner.

General Butler has a strong hold upon the affections and admiration of the people, partly because of his decided loyalty and partly because of the intense hatred which the rebels entertained for him. And, knowing this, it must have required some nerve upon the part of General Grant to relieve him of his command, and was only done when he was thoroughly convinced that the good of the service required it. General Butler was the last of our prominent officers who had not received a military education. The experiment of making military leaders out of civilians has signally failed from first to last.

Vote of the Second Congressional District.

General Fairchild, Secretary of State, has had the kindness to send us the official vote of this State at the last election. The vote for Congressmen in this district is as follows:

	SLOAN.	SMITH.
Home vote	13,213	9,579
Soldier's vote canvassed	1,625	390
" " rejected	390	70
Total vote returned	16,538	10,045
Sloan's majority		6,493

Sic transit gloria George B. Smith.

KENTUCKY U. S. SENATOR.—Honorable James Guthrie, Democrat, has been elected to the United States Senate, by the Kentucky Legislature to succeed Powell. The vote was: Guthrie, Dem., 69; Rosseau, Union, 56; Bell, Conservative, 6. Guthrie, though a Democrat, is a great improvement on Powell, who is the worst treason-sympathizer in the present United States Senate.

TENNESSEE.—The State Convention of Tennessee to re-organize the State and resume her relations with the General Government, is now in session at Nashville. Resolutions have been introduced for the abolition of slavery, the amendment of the constitution and the repeal of the act of secession.

GENERAL SHERMAN.—It is proposed by prominent citizens of Ohio to raise a fund of $100,000, in United States securities, and present it as a testimonial to General Sherman. A bill has been presented in Congress for the creation of a second Lieutenant Generalship, for General Sherman.

GEN. THOMAS' NEW CAMPAIGN.—The New York *Times* intimates that General Thomas is about to leave, or has already left, upon an expedition through Alabama and Mississippi, *a la* Sherman, with Mobile as his objective point.

IN reply to a statement made by Jeff. Davis, that out of 11,796 bales of cotton, shipped since last July from rebeldom but 1,272 were lost, the Washington *Republican* shows that 7,834 bales have fallen into the hands of Federal cruisers during the time named.

Memorials to Congress were introduced for a naval depot at Milwaukee, and the improvement of the Manitowoc harbor. Senator Clark introduced a bill providing for paying the members of the legislature in coin, which currency he seems to be partial to, as he has endeavored before this to benefit himself and fellow members by similar legislation. The other bills introduced related to amending law exempting certain University lands from taxation, and amending Chapter 16th of the laws of 1863 relating to judgments against persons jointly liable.

In the House a bill was introduced providing for State bounties to volunteers and veterans, and a memorial to Congress on the same subject. Also a bill for the adequate punishment of drafted men deserting from their duty, and bills for the incorporation of Wisconsin soldiers' homes. A memorial of M. J. McRaith, the contestant of Remmington's seat was presented and referred to the select committee of which Mr. Cassoday, of your city, is Chairman. When this committee report, a time is expected, as the feeling which such cases usually engender is not wanting in these.

Tolling Wheat.

EDITORS GAZETTE:—I wish through your paper to draw the attention of farmers to a few facts in which they are interrested. There are probably about fifty thousand farmers in this State. We procure our flour by taking our wheat to a mill. The average quantity which each one gets ground is about fifty bushels yearly—say two millions five hundred thousand bushels in the State. The miller is entitled to one-eighth of this, which he takes out with his toll-dish; but by means of a screen attached to the smutter, or some other equally effective apparatus, he takes another eighth. Now the legal toll which we pay annually is about 300,000 bushels, worth at present prices, nearly half a million dollars. All right. The millers are entitled to it, and it makes them rich very fast. But when they take an equal amount to which they are not entitled, I protest. We are bearing burdens enough already, without giving to a small and wealthy class half a million dollars annually—more than enough to pay our entire State tax, if I am not mistaken.

Farmers, do you doubt this? Just weigh your grist before you take it to mill, and then weigh what you get, and you will be convinced. I might state numerous facts to prove it, but it would make this communication too long. At some mills, we do not get thirty-four pounds of flour from a bushel of wheat, whereas we are entitled to at least forty; and the bran and shorts are minus in the same ratio. And now for the remedy. *Agitate the matter.* When you go to mill, hunt up the place where the subtraction takes place, and while your grist is passing through the smutter, you will see a steady stream of wheat taken from it. True, the miller may insult you for "peeking around the mill," but you can stand all that. Talk it over with your neighbors, and above all get up a petition to the legislature to abate the nuisance. If we are so stupid as to submit in quiet silence to this continued imposition, we deserve the scorn and contempt, not only of millers, but of all the world.

FROM WASHINGTON.

NEW YORK, January 13.—The *Commercial's* Washington special says the committee on the conduct of the war will at once commence investigating the Fort Fisher affair.

NEW YORK, Jan. 13.—The *Post's* Washington special says the vote on the anti-slavery constitutional amendment will be postponed. If it were taken now it would probably fail to secure the required majority, but the people in all parts of the country are moving in the matter.

NEW YORK, JAN. 14.—The *Tribune's* Washington special gives it as the opinion of an old hand at peace negotiations that a cessation of hostilities preliminary to formal negotiations will take place within ten days. To-morrow the hand of a new peace maker will fall heavily on Jeff. Davis' obstinacy.

It is understood that the President has declared if Senator Foote is harmed by the rebels he will bring five of the most distinguished rebel prisoners in our hands to grief. Our cavalry have been ordered to pursue Foots captors.

The *Tribune* announces the release of its correspondent, Mr. Richardson, who has been held by the rebels over 18 months.

NEW YORK, Jan. 13.—The *Commercial's* special says the Pa. delegation have requested permission from Hon. Thad. Stevens to urge his appointment as Secretary of the Treasury. He declined on account of his age and failing health.

The friends of the constitutional amendment are confident of its passage within a fortnight.

Col. Allen is to send a cargo of provisions by the Daniel Webster to-morrow night for the suffering people of Georgia.

The American Missionary Association sends Rev. W. Magee, of Savannah, to look after the wants of the slaves freed by Sherman's march. He will also examine into the condition of the loyal white people with a view to facilitate measures for their relief if necessary.

Henry S. Foote, formerly United States Senator, whose late bitter denunciations of the Jeff. Davis Government in the rebel Congress, has excited so much attention, is father-in-law to Senator Stewart, just elected to the United States from the new State of Nevada. This fact is supposed to have something to do with an effort made by Mr. Foote to reach Washington, and the particulars of which have just been developed.

The Government received information last evening that in attempting to escape from rebeldom and enter our lines, Senator Foote was arrested at Occoquan, on Occoquan River, about fifteen miles southwest of Alexandria. He was accompanied by his wife. When found he was at the residence of a Mr. Hammell. Mr. Foote was overtaken in his flight by two rebel cavalrymen who obliged Mr. Hammell to harness his horse and wagon and convey the captive as far back as Dumfries towards Richmond.

The military authorities of Alexandria were ordered to send at once to Occoquan for Mrs. Foote, and she was rescued and reached Alexandria this afternoon. Mr. Foote and his wife were detained a day after reaching Occoquan for want of facilities to cross the river. Fears are entertained that Jeff. Davis may deal harshly with Mr. Foote. The Government has taken steps to prevent any injury being done. Should Jeff. Davis be so rash as to take the life of Mr. Foote, it is probable that the act will cost the highest rebel official in our custody his life.

FROM THE SOUTH.

FORTRESS MONROE, January 12.—No late Richmond papers have been received.

The rebels refused to exchange prisoners, owing it is believed to the complaints of our men which they did not relish.

About thirty deserters came in yesterday. They represent that rebel forces have been sent from Richmond to South Carolina to meet Sherman.

NEW YORK, Jan. 14.—Richmond papers continue quarreling over their leaders. They think Jeff Davis' course reprehensible and are making an onslaught on Kirby Smith who is now discovered to possess none of the attributes of a great General.

Hood's failure in Tennessee and Georgia is attributed to the disgust of the people of those states for the Confederacy. None but Lee and Johnston appear to give satisfaction.

NEW YORK, January 14.—The *Herald's* Washington special says Blair has not yet returned from Washington.

General Singleton probably reached Richmond yesterday.

The Wilmington *Journal* explains how the Junior Reserves of North Carolina were captured before Fort Fisher. It appears that a Yankee captain with 5 men met 150 of the reserves under Major Rees and commanded the Major to surrender, telling him there was no use in resisting as he was surrounded. A Lieutenant refused to surrender and walked off with 12 men, but the Major, the victim of a falsehood, as the *Journal* says, surrendered 150 men to six yankees. These men were then marched into our lines carrying their own arms loaded and capped.

FROM SHERMAN'S COMMAND.

NEW YORK, Jan. 13.—We have the following items of news from Savannah: Gen. Geary had ordered all unemployed negroes to report themselves for the purpose of obtaining wood for the city. Compensation and rations furnished.

The *Republican* says several northern capitalists are in the city to establish the 1st National Bank of Savannah.

Branches of the first class commercial houses in New York, Boston and Philadelphia are to be established as soon as the port is opened.

The prices of productions have been established by the Provost Marshal. Potatoes 9 dollars per bbl. Butter 75 cts. per lb. Apples 12 dollars per bbl.

The *Arago* brought a heavy mail from Savannah.

NEW YORK, January 14.—The *Herald's* Savannah correspondence of the 8th, represents affairs in the city quiet and unchanged, and reiterates the reports of yesterday relative to movements among the citizens of Georgia toward reunion. The correspondent says they need confirmation.

Nearly all the traders of Savannah had taken the oath of allegiance.

Great suffering among the poor still continued, and to a considerable degree among the wealthy.

General Sherman's active army is being re-clothed and equipped.

FROM OHIO.

CINCINNATI, Jan. 14.—The *Commercial's* Nashville dispatch says a convention unanimously passed resolutions declaring slavery forever abolished and prohibited throughout the State, also resolutions prohibiting the legislature from recognizing the right of property in man, and forbidding it from requiring compensation to be made to owners, and abrogating the declaration of State independence. The military law made in 1861 with Confederate States and all laws and ordinances made in pursuance of them, all officers appointed by acting Governor since his accession to office are confirmed. The propositions are to be submitted to people for ratification. February 22d and on March 4th election is to be held for Governor and Legislature, nearly three hundred delegates participated in the final vote, the greatest harmony and good feelings prevailed throughout. Parson Brownlow is unanimous choice of the convention for next Governor.

CLEVELAND, Jan. 14.—Last night the train west on the Toledo road, was thrown into a ditch near Norwalk. Eleven persons were injured, none killed. The accident was caused by a broken rail.

FROM NEW YORK.

NEW YORK, January 13.—The *Commercial* pronounces the reports put forth by the *Herald* as being published by the Savannah *Republican*, a gold operation canard, as the *Republican* of the 9th received by the *Arago*, has no reference to them, and passengers by that steamer say they heard nothing of them.

Gold market is still unsettled. The price opened this morning at $2.22, but at once fell gradually to $2 20¼.

NEW YORK, January 13.—Owing to the Indian troubles on the plain, the overland mail has been discontinued. The last mail left here yesterday.

FROM MEXICO.

NEW YORK, Jan. 14.—The *World* has information from Mexico confirming previous reports of success by the republicans over the imperialists in several battles.

There was an uprising of the people and the fresh insurrection was increasing.

It is said that the papal nuncio and archbishop are about to leave the country on account of Maximilian's manifesto concerning church property.

FROM CAIRO AND BELOW.

CAIRO, Jan. 13.—Squads of deserters from Forrest's command are daily coming here and taking the amnesty oath, a party of eight came in to-day. Gen. Thomas and staff were at Paducah a few days since.

FROM THE SOUTH.

WASHINGTON, Jan. 14.—The Richmond *Whig* of the 12th, says the War Department last night was without a single dispatch from any quarter, the telegraph, owing to heavy rains, not working. The James river is considerably over its banks and unless there is a sudden change, a cold freshet may be expected equal to last spring.

FROM MISSOURI.

ST. LOUIS, Jan. 13.—General illumination and other demonstrations will occur to-morrow, (Saturday) evening, in honor of the passage of the Emancipation ordinance. Gen. Dodge has ordered a salute of sixty guns for the same purpose. Gov. Fletcher has received a congratulatory message from nearly every loyal Governor in response to his dispatch, announcing freedom in Missouri.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce a "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

This is one of the oldest, safest and most successful Life Insurance Companies in the United States, and offers advantages not excelled, and in some respects not equalled by any other.

Special care in the selection of its risks, strict economy, and a safe and judicious investment of its funds, emphatically characterize the management of this company.

Dividends of 30 per cent. declared and paid annually to cash paying members, and 25 per cent. to those members paying in part by premium note, and every three years the revolutionary interest will be mutually divided.

The tables of mortality exhibit great prudence in the selection of lives, ranking with the lowest in the country.

Cautious, conservative and safe, it is yet in the advance in the essentials of a progressive benevolent institution.

Policies issued in all the various forms, of whole life, short term, endowment, annuity, &c.

Whereby the advantages of life insurance are combined with those of a saving's bank. By this mode, a policy is made payable to the assured on his attaining a given age, or should he die previous to that age, to his representatives at his death.—Thus making provision for old age, and affording protection to a family in the event of death.—This plan of insurance is becoming deservedly popular, and is rapidly superceding the old system of life payments. It has received the unqualified approval of the best business men in the land, large numbers of whom have taken out policies under it purely as an investment.

Its ten year non-forfeiture policies also demand particular attention.

The Paper Monopoly.

There is a proposition before Congress to remove the duty on imported paper. It is a measure that every man engaged in the printing business—every person who reads a newspaper—every man who wants an advertisement inserted or a hand-bill printed—every merchant who sells a bundle of goods—every lawyer who writes a brief, and the government itself, is interested in having carried. The paper-maker's monopoly has cost the general government the snug little sum of *one million of dollars* during the last year, which is rather a severe tax for it to pay for the benefit of a few individuals. If this duty were removed, foreign made paper could be furnished in New York at about sixteen cents per pound, which is ten cents less than is now paid for the same kind of an article, and the government, which is an enormous paper consumer, and the people would be vastly benefitted thereby. The present duty amounts to a positive prohibition, affording the government no revenue whatever. Then why not repeal it? Before the war print paper was nine cents per pound, and plenty at that; now it is three times nine. Nobody is fool enough to argue that rags, out of which paper is mainly manufactured, have become so scarce as to warrant such unwarrantable increase in prices. People get ragged now just as rapidly as before the war, and many people much faster. The truth is the eastern paper makers have combined to have every thing their own way and have succeeded admirably thus far. Their greedy monopoly has abolished *fully one-third of the newspapers* in the loyal States, and has added from fifty to one hundred per cent. to the price of every man's newspaper. In a speech upon the tariff once upon a time, Daniel Webster is reported to have said—"let the government take care of the rich and the rich will take care of the poor," and the advocates of this false and pernicious theory are now leagued together to make the whole people pay tribute to the paper manufacturers. This is emphatically a tax upon knowledge that is too grievous to be borne any longer by the people. If the duty as it now stands furnished an adequate revenue to the Government, there might be some reason for its continuance, but it does not; it only enables a few individuals to pocket enormous profits at the expense of the great mass of the people. Let it be abolished at once.

Bank Comptroller's Report.

We have before us the annual Report of the Bank Comptroller, for the fiscal year ending September, 30th, 1864. Comptroller Ramsey says that the condition of our banks was never more satisfactory than at present, although there has been a decrease of circulation, to the extent of nearly seventy thousand dollars. This decrease is attributed to the adoption of the State system by several of our State banks, and to the fact that parties who had contemplated organizing under the State laws, have either established National banks or prefer to wait until the new system has been tried.

The Comptroller says that the advantage given to the National banks by the National Banking Law, in exempting them from their due share of taxation, is a source of well grounded complaint from those who are banking under the laws of the State. The act of 1864 provides for assessment and taxation of National bank stock at the places where the banks are located, while the State law requires the taxes on personal property to be imposed at the place where the owner resides. Thus between the two the owners of National bank stock enjoy a greater advantage over stockholders in our State banks, which the Comptroller thinks is decidedly unjust.

He urges that the State is under peculiar obligations to our banks. He says:

"Wisconsin is under deep obligations to our bankers for the alacrity with which they, in 1861, advanced money to enable the State to furnish her quota of men armed and equipped for the national defense. If the bonds which they received therefor, had at that time been offered in Wall Street, they could have been negotiated only at a heavy discount. They not only relieved the immediate and pressing wants of the state treasury, but also manifested their confidence in the credit of the State."

"These bonds constitute more than one-half of the stocks now deposited with the bank department as security for outstanding circulation. If, in consequence of unequal taxation, our State system shall be unable to compete with more favored associations' many banks whose patriotism and State pride have induced them to invest in our bonds, will find it impracticable to adopt the national system and will be compelled to abandon their business."

MINNESOTA. U. S. SENATOR.—After protracted ballotings the Union men of the Minnesota Legislature nominated D. S. Norton for United States Senator over M. S. Wilkinson, the present Senator, by a vote of 27 to 21. Mr Norton was subsequently elected Senator for six years by vote of 43 to 12 for Lt. Col. George, Democrat. Mr. Norton was formerly a resident of Ohio, he now lives at Winona. He is said to be well fitted for the position to which he has been chosen.

WENDELL PHILLIPS, in his recent speech in Philadelphia, spoke of Edward Everett as one the new converts to the Republican party, adding:

"And when I name Edward Everett, I desire to say that I name the cap-sheaf of American magnanimity for the last three years. I know of few men in any age or language who at near seventy years of age, with such a career behind them, had the loftiness of spirit to stand before twenty millions of their countrymen and say, 'I was mistaken.' Such men are rare in any age, and certainly deserve fair credit for such a confession. They are the new converts."

Remarks of Hon. W. W. Field, of Grant, on taking the Chair as Speaker of the Assembly.

Fellow Members of the Assembly: I sincerely thank you for this testimonial of your esteem and confidence in electing me to this honorable and distinguished position. Having been returned to the Assembly by the same constituency who have sent me here for four years in succession, and having occupied this prominent position at the last session, it is with pleasure and pride that I again return to the duties of the Chair at this time. For this marked expression of your favor, gentleman, I will simply say, that, as your presiding officer, I will endeavor to discharge my duties faithfully, impartially, fearlessly and honestly; to devote my whole time and energy to the duties and obligations which shall devolve upon me, to give a fair and just expression of the Assembly upon all measures which shall come before your consideration; in a word, I will endeavor to preside over your deliberations with fidelity, and with an eye single to the best interests of the State. Gentlemen, great and important trusts have been confided to us. We are representatives of nearly one million of inhabitants, a people representing the industrial, educational, commercial and all other great and leading interests and pursuits of the State. As their representatives it will be our duty to foster those interests—to enact such laws as in our judgment shall be best calculated to develop the best and almost inexhaustible resources of the State--to build up, and encourage institutions of learning, which shall be an ornament to the State, and from which shall flow, in the language of an eminent writer "streams of intellectual life to gladden, instruct, and elevate the human family." It becomes us also, in the discharge of our duty to exercise the most rigid economy. There has perhaps never been a time in the history of this State when money was spent so lavishly as at the present time; private individuals may become extravagant in the management of their private affairs, and they alone be the principal sufferers, but when a State or a Nation pursues this suicidal course, thousands of the industrious and poorer classes are driven to penury, destitution and want.

Let us make liberal provision for the families of those of our countrymen who, since the breaking out of this wicked and infamous rebellion, have sacrificed their lives that the nation might live. and that their children and ours might enjoy the blessings of liberty and of free institutions. The names of those noble sons of Wisconsin are engraven in the hearts of our people. Let not their families be forgotten. Let us make liberal appropriations for charitable and benevolent purposes, and for the advancement and onward progress of those great and leading interests of the State upon which depend the happiness of our people, and the prosperity and wealth of our noble State; but at the same time, let us guard these measures well. Let us throw around them every safeguard which our united wisdom can invent and devise, to the end that the people's money shall not be squandered, but expended with a wise, judicious and economical hand.

Gentlemen, I trust that our deliberations may be harmonious, and that we may have a short, agreeable and profitable session—to us as individuals, to our respective constituents, and to the state at large.

I again thank you for this distinguished compliment which you have conferred upon me; and trust that, with your aid, counsel and advice, I shall be able to discharge the laborious and responsible duties of the position in such a manner as to meet your entire approval.

A Bitter Pill for Jeff. Davis.

From the Richmond Examiner, Dec. 21.

The news from Tennessee is bad—the situation is bad—but it is far from being irremediable. The army in Tennessee has been terribly misused, and it has suffered awful injury; but it is not lost and may be restored to full efficiency by the same hand which redeemed it after Missionary Ridge. But to change the fortunes of the country the Executive power and the Legislature must change their character and abandon the road to ruin, hitherto systematically pursued by both. The opening of this campaign found our two best men in command and in the principle positions. Lee in Virginia and Johnson in Georgia. The military condition of this country was never so prosperous as it was at Midsummer, for these two men had so done their work that it was then morally certain that the last supreme effort of the enemy was going to fail, and had it failed, it is impossible to doubt that this year would have been the last year of the war. The unexpected freak of the Executive in the removal of Johnston, permitted in silence by the country, has produced fruits such as folly and subserviency never produced before. Although great evils might have been and were apprehended at the time, results have so much surpassed expectations, that they assume the appearance of judgments. But let the past go. The best remedy for the past evil is simply to stop the causes which have caused them. Let the Executive power cease to interfere with the armies; send Johnston to the wreck of that army which he surrendered to Hood in such magnificent conduct; give him *carte blanche* to do what he thinks proper for its salvation and for the defense of the country, guarantee that neither his commission nor his plans will be any more meddled with. Give to Beauregard complete discretion of action on the coast. Leave to Lee his whole army, and full powers in Virginia, and prosperity will return, good fortune will again befall the army of the South, and the great danger which now menace the Confederacy will vanish like the clouds of the last rain.

But good sense, moderately and justly used, will never actuate the Executive power while Congress abdicates its functions and public opinion its rights. Nations will suffer just punishment whenever they intrust the power to puny hands, puff up the conceit, and encourage the passion of their rulers by fulsome flattery or silent submission. We have done so. The follies of the Government are manifest to all, but if any one who pays their share of the cost proposes opposition or even remonstrance, the amiable majority cry "Hush! O, hush! hush! We can't get rid of him, and he will do thus and so all the more if he is opposed. Don't say anything; we must have concord, unanimity, and there must be no opposition to the Government." Therefore the only voice which is heard at all, is the voice of flattery—the voice of those who have neither head nor heart, neither knowledge nor principle. Hence the Executive power is encouraged to pursue its fancies, and although every military misfortune of this country is palpably and confessedly due to the personal interference of Mr. Davis, and the Legislature continued at each session to be his subservant tool, and to furnish new incentives to perversity, new means of mischief. Congress and the Southern public must change their attitude, adopt a more distinct and manly tone, deal with their own affairs with more resolution, keep the Executive power in the path of duty, and curb it with peremptory hands when it interferes with things beyond its capacity.

Great adversity has fallen upon us, but the power of the southern States is not broken. Their resources are enormous, and on no side is the breach irreparable. Of all external dangers there is not one that cannot be manfully met. Folly vested with license, and flattery to encourage Folly. No calamity which has happened is in itself ruinous, but that which will ruin us is this: that the Government should go on to do and continue the identical acts which have made the calamity by necessary cause and effect. The more harmony and more concord and more self-abnegation we evince under such circumstances, the more rapid is our progress to destruction. Let us determine that the course of the ship shall be altered. *With that determination will be found means to compel change.*

Address of Lieut. Gov. Spooner.

The following address was delivered by Lieut. Gov. Spooner upon taking the chair as president of the senate:

Gentlemen of the Senate:—A quorum of your body is present, and legally qualified to act, by having taken and subscribed the oath prescribed by the constitution; and it is competent for you to proceed to perfect your organization by the election of a clerk and Sergeant-at-Arms.

It becomes my duty, ex-officio, to preside at your sittings. My experience as a presiding officer of your body, happily quiets much of that anxious self-distrust which I might otherwise justly indulge in the prospect of encountering these difficulties which are supposed ordinarily to cluster around the chair.

Once and again have I been associated with many of those who now fill the seats on the floor of this chamber, in the relative positions which we now occupy; and having witnessed how keenly alive they have ever been to the obligation their position imposes, to preserve the honor of the state, and of their immediate constituents, their own self-respect, and the self-imposed rules, enacted for the government of the deliberations of the senate, feel assured that the maintenance of decorum and a becoming dignity of procedure will require little more of your president than the discharge of nominal duties. And in the assurance that the spirit of the past will be exhibited in the action of your honorable body during the present session, I take the chair, relieved of that apprehension which a consciousness of my inability properly to fill would otherwise occasion, with the only pledge I can give you, that, in so far as I may be called to administer parliamentary law, it will be my effort to give to the law a fair construction and an impartial application.

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estopped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. For cuts, bruises, sprains, rheumatism, swellings, bites, cuts, caked breasts, strained horses, &c., it is a Sovereign Remedy that should never be dispensed with. It should be in every family. DOTY'S CLOTHES-WASHERS Are SIMPLE, DURABLE & CHEAP,

MAKE WASHING EASY, And SAVE CLOTHES.

These Washers were exhibited at the great New England Fair of 1864 won the admiration of thousands, and were awarded a splendid Diploma: also at the Wisconsin and Pennsylvania State Fairs of 1864, they were awarded the first premium.

To Wool Growers!

Wool fleeces may be washed in these Machines at the rate of *a fleece in two minutes*, without tearing them apart, and the wool brings the price of *tub-washed wool*, which is *five to eight cents per pound more* than that washed on the sheep. This is very important to every wool grower.

They are recommended as the Very Best in Solon Robinson's great new work, "Facts for Farmers," by ORANGE JUDD, proprietor of the *American Agriculturist* and by other prominent men.

It gives us great pleasure to be able to afford these great household blessings at the following comparatively trifling cost, which is a reduction of about 20 per cent. on former prices:

Small Size, at Janesville.	$9.50
Family " " "	10.50
Hotel " " "	13.50

The above prices include Faucet. Machines with plug instead of faucet, 50 cents less.

Full Directions for Using are Attached to Each Machine.

Any person purchasing a Washer of us may return the same and have the purchase money refunded, if, after four weeks fair trial according to directions, it fails to give satisfaction.

Many of our Washers are now in use in Janesville, and we sub on the following testimonials:

From Rev. G. W. Lawrence:

MR. DOTY—I confess I have been quite skeptical in regard to the utility of washing machines, until we gave yours a trial. Having tested it thoroughly, we are fully prepared to say, unsolicited, that we regard it as a capital machine. The principle upon which it works is the true one—removing the dirt effectually without injuring the clothes in the slightest manner. My wife endorses it heartily as a labor-saving machine, and considers it truly a "Paragon." With "Doty's Paragon Clothes Washer," and the "Universal Clothes Wringer," washing day is no longer dreaded as in days of yore. G. W. LAWRENCE.
JANESVILLE, Nov. 11th, 1864.

Messrs. Doty Bros.:

GENTLEMEN—I have had in use one of your Washing Machines since May last. We have tried other inventions but they have invariably proved worthless, after a few weeks use. Yours is the only invention that has stood a satisfactory test in my family. It works admirably, and is a great labor saving machine; while in point of economy it has no equal. It has more than saved its cost already in the diminished wear of clothing, as compared with any other process of washing with which I am familiar. No family can well afford to be without one. Yours truly,
JANESVILLE, Dec. 15th, 1864. A. PALMER.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

THIRTY THOUSAND!

These instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

AWARDED THE HIGHEST PREMIUM!

whenever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name, purporting to be superior to Melodeons and School Organs. A new exterior and new name will naturally attract attention; but the public will bear in mind that *all Reed Instruments*, now manufactured in the United States and Canada, are, *as near as they can be made without infringing our patents*, copies of our own.

Agents for the sale of our Melodeons can be found in all the principal towns of the United States and Canadas. Address either

COTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail. Address, F. L. Rayner, Office over the Post office, Janesville, Wis. aug18dawly.

A HARD TOWN.—We are sorry that our prim neighbor is getting to be so hard a town. Can't Janesville send a few missionaries down there to labor with them? The last Beloit *Journal* says:

"We are informed that about 10 o'clock on Sunday evening a dozen or more boys of this city, their ages from twelve to eighteen, carried to the door-step of the American House, two or three of their comrades in a state of beastly intoxication. The whole company were evidently a good deal the worse for what they had been drinking, as all had been spending the evening at the same saloon, but the majority had strength enough left to lug to the above named hotel the two or three who had entirely lost the use of their legs. Some of the boys and those in the worst plight are said to belong to respectable families among us, and their parents would be shocked if they knew the whereabouts and the shameful predicament of their sons on that evening. The liquor that did the mischief, according to the testimony of the bibulous youngsters, was furnished them at a well known and far too much frequented saloon in this city.

What are we coming to? Is there no moral power in the citizens of Beloit to bring about a better state of things? It is bad enough that the husbands and fathers among us should be caught in these traps of Satan, but it is awful that our boys yet in their teens should on a Sabbath evening be thus decoyed and drugged, until, to keep parental cheeks from blushing shame, their companions are obliged to seek for them a lodging place where they may "sleep off" their intoxication, out of the sight and knowledge of the home circle. It becomes you, sir, who have a son, to look out for him. Unless you *certainly know* where he spends his evenings, be admonished by the occurrence of last Sabbath evening. Before you think of it, his unsuspected visits to yonder saloon may be his destruction.

THE INDIAN MASSACRE.—A Washington special says: "Orders have been telegraphed to Denver for the arrest of Col. Chevington for the slaughter of Indians near Fort Lyon. Orders have also been sent to seize all the property taken from the Indians, to gather in the remnant who escaped the slaughter, and have them taken care of at the expense of the government until disposition can be made of them.

GEN. ROBERT ANDERSON states that Col. Julian Allen, the agent for procuring supplies for the poor of Savannah, was the first who sent aid—in the shape of boxes of cigars, and tobacco—to his men in Fort Sumpter in the spring of 1861.

GENERAL THOMAS has been reinforced by a division of 7,000 cavalry and he now has 35,000 mounted troops, besides several thousand from Mississippi, who are cooperating with him.

WEST VIRGINIA.—The Supreme Court of the United States has recognized West Virginia as one of the States of the Union. This settles the question as to the legality of the organization of that State.

THE Legislatures of nearly all the loyal States are now in session. Of the Western States, that of Iowa is the only exception.

ON THE 28th ultimo, General Gordon Granger's force was within twenty-eight miles of Mobile, having been quite successful in his operations thus far.

THE discussion in the House, on the Constitutional Amendment, continues. At least six speeches, already prepared, remain to be delivered.

THERE is a rumor that General Phil, Sheriden is about to be assigned to a new and very important command.

GENERAL JAMES H LANE was reelected to the United States Senate by the Kansas Legislature, yesterday.

BADGER STATE GRAIN DRILL AND BROAD CAST SOWER, COMBINED.

The Badger State Grain Drill has now been made at Janesville for four years. It is now made with all the improvements which years of experience have suggested.

The Badger State for 1865 can be changed into a Broad Cast Sower and Cultivator in thirty minutes time.

It is now so arranged that by raising the teeth, the feed is shut off, and by letting the teeth down the feed is put on. Again, the Badger State is now and always has been the lightest draft of any drill in the market.

The Badger State is warranted to be as good a drill as any yet made. It is warranted to be as good a broad cast sower as any in market.

The Badger State will plant corn or beans in *hills* or in drills. It will sow grass seed, clover and flax at the same time that it is sowing other grain. It sows grass seed either behind or before the teeth.

The prices for the Badger State for 1865 will be—9 tooth, $85; 10 do., $90; 11 do., 95; 12 do., 100. Five dollars added for Grass Seeder; $2 added for Broad Caster.

Those wishing to buy a Drill or Broad Caster, will please bear in mind that the Badger State is a good Drill, and also a good Broad Caster, in addition to being a good Corn Planter.

The Badger State is the only combined Drill and Broad Caster in the market.

Please call and examine the Drill, and get a Circular.

MCSHERRY'S IMPROVED GRAIN DRILL AND SEED SOWER.

This unsurpassed machine for sowing grain and grass seed, has been awarded the first premium at the State Fairs of Indiana, Illinois and Iowa. It possesses merits which cannot fail of commending it to the farming community; being lighter by 100 lbs., than other drills in the market; they never choke up, while for regularity and evenness of sowing, they are unrivalled by any drill now made.

As this machine has never been introduced into this market before, it behooves those who contemplate purchasing, to examine this and procure the best machine.

I have heretofore acted as agent for the sale of the Smith & Barnes Drill, but considering the McSherry machine far superior to any other in the market, have accepted the agency for it. I can furnish them at wholesale or retail, and if any one will call and examine the Drill, they will be convinced of its great superiority over others offered to the public.

Prices and terms can be obtained by applying to me at Janesville, Wis.

ON ALL sides we hear the merits of the Grover & Bakers Sewing-Machine extolled. The ladies declare it the "very best," and prove it to us in so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? None, we conscientiously affirm.

DR. KNAPP & SON

Physicians & Surgeons,

FORMERLY OF NEW YORK,

are treating successfully

CHRONIC DISEASES,

On a New System!

Which embraces the best and most approved methods in this and other countries for the cure of all Chronic Diseases.

They treat successfully

All Nervous & Neuralgic Affections,

All forms of Scrofula, Dyspepsia, Diseases of the Liver, Constipation all Skin Diseases, Pulmonary Consumption in its early stages, Paralysis Epilepsy, Salt Rheum Headache, all Heart Diseases, Diseases of Children and

Seminal Weakness, & Sexual Diseases,

Which are carrying thousands to their graves annually.

EYE AND EAR!

They treat successfully, on a new method, all diseases of the Eye and Ear. They have had more extensive practice, and better success in the treatment of all

DISEASES OF WOMEN,

Than any other Physicians in America. They have cured women who have been confined to their bed for years. They never fail to cure

RHEUMATISM!

In all stages; no matter of how long standing. They cure

ASTHMA,

so it never returns. They have a Sure Cure for the distressing disease,

Hemmorrhoids, or Piles!

They cure all Diseases of the

Throat and Lungs!

DIPTHERIA CURED!

They have discovered a

SURE AND SPEEDY CURE

For this Terrible Disease!

PRICE PER BOTTLE, - - $5.00

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without cutting them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure.*

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

☞Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines.

☞The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Racine, Wisconsin.

☞Many of the above diseases can be treated successfully by the patients' describing their case in a letter, when they cannot see us.

Dr. Knapp, who has visited Janesville regularly for seven years, can be consulted at the Hyatt House, Wednesday, January 11th and till four o'clock p. m. Thursday, January 12th; Wednesday, March 15th and till four o'clock p. m. Thursday, March 16th; Wednesday, May 17th and till four o'clock p. m. Thursday, May 18th, and Wednesday, July 19th and till four o'clock p. m. July 20th.
